## Message from the President

The March General Meeting was terrific due to the success of the Fort Mason Orchid Show, our speaker Nick Burnett and a tremendous attendance turnout - almost 70 people.

The Orchid Show speaks for itself. I hope more people will want to become involved next year and be part of a fun committee.

Our speaker was one of the best we have had so far. His entertaining presentation kept everyone amused and no one dozed off. I think most of us could relate to the orchids in his slides. He definitely made me feel like I'm not alone. Thanks to Charlotte Leong for scheduling him as a speaker.

I also want to thank all of the members who have been helping to setup and clean up at each month's meeting. The extra help is appreciated by those members who are always volunteering to help out.

My opinion of a successful society is when everyone participates in some way. On April 28<sup>th</sup> we will be having a sale at Fordyce Orchids. If you have an orchid (or orchids) to donate, it will be helpful and greatly appreciated.

## This Month's Speaker Marni Turkel

This month, Marni Turkel of Stony Point Ceramic Design will present "Show Me The Plant". Marni is a native of the San Francisco Bay Area and has been growing orchids since 1980. A hobbyist grower, she grows her orchids in two greenhouses at her home in Santa Rosa, California. She is especially interested in cool-growing miniature species but plenty of larger plants have crept into the collection as well. Though the collection has never been counted, most guesses put it at several thousand plants representing a wide range of genera. Marni is the co-author with Eric Christenson of several recent articles in Orchids Magazine. Photographs of her plants have been featured in articles for the past several years in both Orchids Magazine and Orchid Digest. A working potter for over 30 years, she owns and manages Stony Point Ceramic Design which is a small pottery firm that produces vases, orchid planters, flower arranging containers and dinnerware.

"Show Me the Plant" is the name of her presentation and uses slides of blooming specimen plants as well as close-ups to consider the whole plant for a sense of proportion and not just the flower by itself. She will be talking about many of her favorite plants and will cover some basic information as well as specific needs for individual plants. Many of you have seen her plants at orchid shows and meetings, this is a chance to see the best of her collection and learn how she grows it. Marni will provide our raffle table, so you will want to buy plenty of tickets.

In May our very own Mike Gallagher will give a presentation on the natural habitats of Disas. Come see where Disas grow wild and learn more about their cultural needs.

Hope you can join us!  
Charlotte

## Last Month's Presentation

Last month Nick Burnett gave a memorable presentation. The audience was left in hysterics with his masterful and humorous style. Learning has rarely been as enjoyable as it was that night.

Do to space constraints of this newsletter I will just provide the list of easy to grow plants suggested by Nick. If you missed his presentation, you will just have to wait for the next time he has time to visit our society. I, for one, hope that will be soon.

### Nick's List of Survivors:

Angraecum leonis—sickle shaped leaves, fragrant white flowers.

Phal. cornu-cervi—great species phal with orange and red barred flowers.

Ascofinetia Petite Bouquet—small vandaceous plant with a profusion of pink flowers.

Bulb. micranthum—interesting flowers, easy to grow

Paph. spiceranum—green and white, red stripe on dorsal, easy to grow.

Paph. Maudiae—lots of color forms, easy for windowsills.

Phrag hybrids—Andean Fire or Sedenii

Paph. moquettianum or glaucophyllum—successive bloomers last for nearly a year!

## Membership News

Let's give a warm welcome to our new members: **Joe Grillo** from Orinda and **Linda Paige** and **Maxine Potts** both from Lafayette.

Guests at the March General Meeting were **Sharon Nestore** from Walnut Creek and **Tim Clemen** from San Francisco.

I brought the new 2002 roster to the March general meeting. If you want and have not received one yet, please see me at the next meeting. If you found any mistakes or omissions, please let me know so I can correct them. I will provide an Addendum, which will include all new members and any corrections.

A note to our guests who attended our general meeting prior to February 2002: Please be aware that this will be your last newsletter. If you would like to continue receiving it and enjoy the meetings and participate in the club's benefits, send in your application and dues or just bring them to the next meeting.

You can contact me by e-mail [ulrikea@usa.net](mailto:ulrikea@usa.net), or by phone during the day at (510) 741-6762 or in the evening at (925) 830-8830.

## Greenhouse Tours

There is a tour planned for Saturday, June 29th. The tour will begin at Mercedes Bell's greenhouse in Clyde between 9:00-10:00. The next stop will be at Karen Moonitz' greenhouse in Concord between 10:30-11:30. You can spend as little or as much time at these stops as you wish, then the tour will finish up with lunch at Dave & Alice Tomassini's in Danville. There will also be plants for sale, provided by Dave Tomassini and Nathalie Smith.

A sign-up sheet will be passed around at the at the next General Meeting. The lunch will be \$6.75 and will include a sandwich, macaroni salad or fruit salad, chips, cookies, and drinks. Lunch money is due when signing up for the tour. I will pass out directions as we approach the tour date..

## DVOS Plant Sale

Come join us for the Annual DVOS Plant Sale on Sunday April 28, 2002 at Fordyce's Orchid Ranch from 10 AM to 5 PM. You're likely to find that special plant that will enhance your orchid collection. The sale is open to members and the public, so be sure to come early to get the best selection.

- 6 -

Proceeds from the sale help the club pay expenses for speakers, supplies, and other club activities.

This year the board decided to provide most of the plants for the annual plant sale by purchasing them through vendors. We also welcome plant donations from members, but this will be on a voluntary basis. If you have a good quality plant(s), divisions, etc. that you can donate to the club sale, please bring your plants to David Tomassini at the April meeting or deliver them to Fordyce Orchids by 4/20. We need the plants early so that we can check the labels and add price tags.

All plants should be clean and free of pests. Please have your plants marked 'for DVOS Sale' and include your name with your donation in case we have any questions about the plant(s). Pictures of the flowers help sell the out of bloom plants, so if you have a picture you can give up please bring it with the plant. Be sure to include the name of the plant on the back of picture. Do not give us any pictures you want to keep. With so many plants we can't be responsible for returning pictures.

### DVOS SALE VOLUNTEERS

We're having a good turnout for our Spring Sale volunteer sign-ups. If you haven't signed up but would like to help, contact Charlotte at [clleong@attbi.com](mailto:clleong@attbi.com) or 925-833-0840 and leave a message. No experience necessary, we will train you. Come work with fellow growers and you may learn some growing ideas too :o)

## In Memoriam - John Chamberlain

It is with deep regret that we note the passing of John Chamberlain last February. John had been with the Society since its inception - a little over fifteen years. During that time, John held many positions within the society, and for the past nine of those years, he has been the Club's Treasurer; his term ending last year. He will be greatly missed.
