At Our Next Meeting March 8th

Ron Parsons speaking on California Native Orchids

Ron Parsons is considered by many to be one of the finest flower photographers in the United States. His photography and encyclopedic knowledge of orchids is known both nationally and internationally. He has been photographing orchids, wildflowers, and almost every other kind of plant for over 25 years, and has a slide collection that numbers well over 80,000 slides! Ron loves to travel, photograph orchids and wildflowers in situ, visit orchid and other plant enthusiasts’ collections, and most of all, to take photographs of plants and flowers that he likes. Ron has an outstanding website at www.flowershots.net

Ron is a popular speaker, and gives talks frequently on variety of orchid-related topics, as well as on California wildflowers, cacti and succulents, carnivorous plants, gesneriads and bromeliads. If interested in his lecture topics, see the lecture page of this web site for more information and links to sample photographs and lecture descriptions. Ron is often asked to present the “show and tell” plants at orchid meetings—he is always full of up to date taxonomic information, culture requirements, and other little known facts about the species and hybrids that members bring in.

Ron’s talks feature his beautiful color slides of the subject matter, in-depth information, and first-hand knowledge about the species discussed.

Raffle table will be provided by friends of Ron Parsons (you know he knows everyone in the business).

Dinner with the speaker, who will be accompanied by Dr Mary Gerritsen, will take place at Café Milano, 716 Contra Costa Blvd, Concord. Tel 925-682-5764, at 5:30pm. If you would like to join the speaker for dinner please call Eileen Jackson at 707-642-5915 or email jackson.eileen@att.net
Awarded Plants in February

1st Bulbophyllum vaginatum
   Barbara Tague

2nd L.C. Sun Mist ‘Apricot’ HCC/AOS
   Renate Johnson

3rd Paph. (Pulsar x Black Cherry ) x fairrieanum
   ‘Super Red’
   Kathy Ames

Lancer Smith: Pleurothallis truncata
   Eileen Jackson

Look What I Bloomed for the First Time:

Paph. delenetii  Kristina Zweig

Refreshments for the March Meeting

Thanks to all those who volunteered to bring refreshments.
If you are unable to attend, please contact Brenda Aday.

FOOD:  Sue Hennessy, Sharon Duffy, Ken Cook, Phyllis Arthur, Diana Vavrek, Dixie Horspool, Liz Gannon, Ken Dowdell

BEVERAGES: Renee Dowdell, Eileen Jackson, Bernice Lindner
The San Francisco Orchid Show was held over the Presidents Day weekend in February.

First and foremost I would like to thank everyone who was involved in volunteering to make this event a great sucess. An event like this requires countless hours of labor from many people and most of the time a thank you is all that you ever receive in return. It was great to see so many of our own members at the show volunteering in many different capacities. You seemed to be filling a lot of positions for San Francisco to make their event run smoothly. I’m sure they appreciated your effort.

D.V.O.S. as a society placed second for our entry as a visiting society. This carries a cash prize of $500, which we can always use for plant raffles, speakers, and Christmas parties.

Again......Sincerely, Thank you.

Brad Piini, San Francisco DVOS show chairman

Bernice Lindner won - ‘Best Phal./Doritis Shown by an Advanced Exhibitor’ for: Phal. Ever Spring

Noble Emery won - ‘Best Plant of Other Genus Shown by an Intermediate for: Lyc. brevispeth Exhibitor’

Sheridan Mathias won - ‘Best Phal./Doritis Shown by a Novice Exhibitor’ for: Phal. Baldans kaleidescope ‘Golden Treasure’

Sharon Duffy won - ‘Best Cattleya Alliance shown by a Novice’ for: Blc. Greenwich ‘Misty Green’

Frank Drake won - ‘Best Onc. Alliance by an Intermediate’ for: Odo. George McMahon
POE Show Awards

The Show Committee

Sheridan Mattias: Phal. Baldans kaleidescope ‘Golden Treasure’
Bernice Lindner: Phal. Ever Spring
Frank Drake: Odo. George McMahon
Noble Emery: Lyc. brevispeth
Sharon Duffy: Blc. Greenwich ‘Misty Green’
February’s guest speakers were the dynamic duo of our own Dennis Olivas and Kathy Barrett. These two always bring a lot of energy to the meetings and their spirited bantering seems to put a smile on everyone’s faces.

The topic was Good Plants, Bad Plants.

For those of you not able to attend, I have summarized some of the major points of the discussion.

1. The most common cause of a bad plant is in the root system. Pull the plant out of the pot and look at the roots. Most of the time there are minimal or rotted roots. Many times this is because the pot is 2-3 times bigger than it needs to be for the size of the plant. This oversized pot holds too much moisture for the roots to absorb and, hence, the roots rot.

   The solution is to repot the orchid into a smaller pot. When you water, you need to use Physan @ 1 tsp per gallon of water to prevent root rot, especially in the colder weather.

2. Rocking plants. Orchids hate to wobble. They need their roots to be stable and secure in the medium in order to reroot. Wooden stakes and wires are required to hold down a newly repotted orchid.

3. Culturally, when repotting an orchid always presoak your bark. Not just 15 minutes. You need to soak it for 24 hours. You also need to soak the orchid roots so that they are also pliable.

4. Cymbidium Culture. In the months of May through October, use 2 Tbs Epsom Salts (magnesium sulfate) per gallon of water along with your 1/4 strength fertilizer. This will stimulate flower production in the Fall spikes.

   - Brad Piini
Potting Party

APRIL 28, 2007 10 am – 2 pm

AT THE HOME OF JENNIFER ENGLISH

3963 Los Arabis Drive, Lafayette.

Come to learn the right way to repot your orchids. The society will provide the bark for your first 2 orchids, 1 gallon or less pots. More than that will cost $4 per plant. Bring your friends, they can either pay $4 per plant or join and get 4 plants repotted for the price of membership.

Nathalie’s family would like to Thank the DVOS for including the notice in the recent newsletter of her passing and the donation of her remaining collection of orchids. Thanks to all who helped move everything and for being such a great friend to Nathalie. It’s a comfort to us to know that her orchids may bloom again! Sincerely, Tasia (Nathalie’s daughter)
Upcoming Speakers and Club Events

March 8: Ron Parsons: Finding native orchid species in California
April 7: Orchid Walk on Mt Tamalpais with Ron Parsons
   This special event for members and friends
   will cost $20 per person
April 12: Dan Newman of *Hanging Gardens: Dendrobiums*
April 28: *Potting Party* 10 am - 2 pm at Jennifer English’s home
   3963 Los Arapis Dr. Lafayette

The next Board Meeting
March 15th: 7:30 at the home of Bryan Wraxall

March 2007

Membership News

Let’s give a warm welcome to the new members who joined since the last announcement:
  
  Marty & John Jonas from Benicia  
  Amanda Koslow from Livermore  
  Nancy & Jack Roberts from Pacheco  
  Jan & John Rubiales from Clayton

and past members Nina & Paolo Di Candia of Orchids Fiori D'Amore in Oakland who joined again.

Membership dues for 2007 are due!
If you receive the newsletter by mail and you see 2007 on the address label you have paid dues for 2007 already.
This will be your last newsletter if you chose not to renew your membership.

General Membership is $15, Business $25. Please be so kind and fill out the renewal form for me. This is my best and only chance to keep our database up to date and find errors and changes. It is also the only evidence that you paid your dues since the check or cash will be handed to the treasurer immediately after I update the database.
So far we have 89 members who paid dues for 2007
I am preparing the 2007 roster. If you want to have your name in the roster bring your check made out to DVOS with the renewal form to the general meeting at March 8th or send it by mail to:
  Diablo View Orchid Society       Attn. Ulrike Ahlborn       117 Laredo Ct       San Ramon       CA 94583-2116
  membership@DVOS.org

Help!!!

Does anyone have access to, or own a laptop computer and a digital projector that can be used with a computer? Our speaker in April needs this in order to give his presentation, and our society does not own such equipment. If you can help out, please let me know.

Thanks, Eileen Jackson
