Sergio Garcia is an orchid breeder who specializes in Cattleya species. He is a native of Sao Paulo, Brazil, where he became interested in orchids as a young boy. He and his father were encouraged by Heitor Gloeden of Brazil to grow orchids. Sergio and his father eventually became partners in orchid cultivation. In 1989 Sergio moved to Ohio. After college he moved to Northern California and continued growing and cultivating orchids. His favorites include cattleya, laelia, sophronitis, oncidium, paphiopedilum and vanda.

## President's Message

**Congratulations to DVOS! Everyone stepped up to make our Show and Sale a great success!**

**A special welcome to the 21 new members who joined when they came to the show!**

**In our newsletter, we have a section called “The question of the month”. I invite you, especially the new members, to send your burning questions to the newsletter editor at [dvoseditor@aol.com](mailto:dvoseditor@aol.com). It will appear in the newsletter and will give time for people to mull over their answers. We will discuss it at the next meeting. Our club members aren't a bit shy about offering their opinions!**
