

Diablo View Orchid Society

October Meeting:
Thursday, Oct. 10 - 7:15 PM
at the Contra Costa Water District
1331 Concord Ave, Concord 94521

**Refreshments will be supplied by volunteers
as we have been doing over the last few months**

About our October speaker...

DOS speaker for October will be Dan Asbell of Asbell Orchids. Dan took over his father's business of outdoor growing orchids in 2006. Since then he has changed the business from only cymbidiums to a great variety of orchids that are temperature tolerant and can survive outside all year. He crosses cool growing with warm growing, runs his own lab and makes a living selling his creations. He will talk about his crosses and will have many on the raffle table.

Speaker dinner will be at Aung Maylika Burmese restaurant at 1050 Contra Costa Blvd. Concord. Everyone is welcome to join the group, just let Eileen know before 2pm if you will be coming so we can get the table set up. Eileen.jackson@att.net

Raffle plants will be supplied by our speaker

President's Message

Dear Orchid Enthusiasts:

I sure am enjoying the change in the weather! I've had enough days in the high 90's... It's great to be in the low 70's for a while.

Of course, that means that fall is approaching and that I will need to find some place to put all of the orchids that have been hanging in the trees around my house. Hmm... Barry will have to build some sort of shelter that will let in the light but keep out the rain. We might just put it on the porch of one of our sheds... that should work...hopefully.

In any case, try to sort out your orchids to see which ones need the "dry rest" during the winter and which ones you can water.

The October speaker will be talking about raising orchids outside... just in time for the change of seasons!

See you all at the meeting.

Marcia

We are still looking
for Phyllis' orchid
that was left at the
June meeting.

It was an angraecum
didieri in a 4 inch
wooden slat basket.

It won the Lancer
Smith Award!
